## NORTH TEXAS – AUDIE MURPHY CHAPTER CELEBRATES ARMY'S 247<sup>TH</sup> BIRTHDAY AND AUSA DAY

Volunteers from the AUSA North Texas – Audie Murphy Chapter and Army Scholarship Foundation\* celebrated the Army's 247th Birthday in early June.

The cake was severed by the youngest soldier (Captain Gerald Delk) and wiser veteran (LTC (ret.) Joel Batalisky, Chapter First Vice President).

For over 10 years the chapter has partnered with the Army Scholarship Foundation in the June celebration of the U.S. Army Birthday to remember its creation in 1775 and to celebrate AUSA Day. The Association of the United States Army was founded on July 5, 1950, to serve as America's foundational military force speaking with one voice.

Special thanks to the Chapter's Community Partner, Arcadium Solutions for sponsoring the Hospitality Suite. For more information about CASA visit <https://casa.army.mil/>

\*Army Scholarship Foundation is a charitable, non-profit organization dedicated to providing college scholarships for undergraduate study to deserving children of current and former members of the U.S. Army, and to spouses of currently serving soldiers. Founded in 2001 by a group of U.S. Army veterans, the Foundation is dedicated to assisting sons, daughters, and spouses of soldiers in achieving their educational dreams. Find out more about Army Scholarship Foundation at <https://armyscholarshipfoundation.org>.

## JUNE'S NATIONAL DEFENSE BRIEFING SERIES

In partnership with North Texas' military professional associations, AUSA North Texas – Audie Murphy Chapter co-hosted the June event on *Cyber Operations: More Than Cybersecurity* at Heritage Ranch Country Club.

Panelists discussed how attacks on financial accounts, identity theft, spam emails, and ransomware are on the rise. They expanded on how cyber operations conducted by our government are performed to access information possessed by adversaries and enemies, to either steal it (espionage/exploitation) or destroy or deny access by the owners (attack) and how they help us achieve national objectives.

The panelists included: Lieutenant General Harry Raduege (USAF, ret), Chief Executive Officer of the National Cybersecurity Center, Lieutenant General Kevin McLaughlin (USAF, ret), Professor of Practice in the Bush School's Department of International Affairs, and Colonel Lamont Atkins (USAF, ret), Vice President of Programs on the Board of Directors for the Armed Forces Communications & Electronics Association, Alamo Chapter.

National Defense Briefing Series
